EF Series Exhaust Filters

EF Series Exhaust Filters

Used for passive ventilation with convection cooling, or forced air cooling when used in conjunction with a filter fan.

Features:

• Supplied with a removable filter for clean air movement

• Attractive thermoplastic design to resemble the Filter Fans

• Installation made easy with a time saving click-in system requiring one cut-out and no screws

Colouring:

• RAL-7035 Light grey (indoor)

• ANSI 61 Grey (indoor)

• RAL-9005 Black (outdoor)

Standards:

• Indoor Type 12, IP 54

• Outdoor Type 3R, IP55

Approvals:

- Indoor - cCSAul, cULus, CE
- Outdoor - cULus, CE
