NEMA / EEMAC TYPE 12 DISCONNECT ENCLOSURES

(Disconnect, operating mechanisms not included)

THE FLEXIBILITY OF MADE TO ORDER STANDARD ITEMS

Since the 2000 Series is made to order, we have the flexibility to manufacture exactly to your preferred requirements with quick turnaround.

CUTOUTS: Any holes or cutouts in the body, doors or panels can be punched during manufacturing.

PAINT FINISH: Standard paint finish is ASA61 polyester grey powder paint, although any colour of liquid or powder can be applied during manufacturing.

SPECIAL: Enclosures can be built to meet your exact requirements. This may include dimensional changes in height, width and depth, as well as the installation of such items as fans, shelves and other components.
